Tamera's Support Circle

Tamera is a peace research village – an emerging Healing Biotope – in the south of Portugal with about 150 coworkers. We're developing a cultural blueprint where violence and distrust are replaced by true compassion, solidarity and trust between all fellow creatures. For over 40 years, Tamera has pioneered solutions in community building, love and sexuality, spirituality, ecology, technology and raising free children, integrated into a coherent vision for a society in resonance with life itself. "The models of Healing Biotopes that already exist could play a crucial role in the transfer of knowledge and the construction of new forms of life. They also have the power to capture the attention of an entire generation waiting for hope and transcendence – on a planet headed for a major collapse."

Alnoor Ladha, political thinker, author and activist, former board member of Greenpeace International, USA

To develop a post-capitalist living model, we need economic freedom for social research and transformative creativity, that is not constrained by the thought, how to earn money with it. That's why creating a gift economy is central to our work. At Tamera, each member voluntarily contributes their knowledge and engagement without monetizing its value, while the community in return provides for everyone's basic needs. We aim to expand this fundamental principle: Our vision for a thriving support circle is to freely offer our knowledge and experiences while having our needs sustained by a dedicated group of supporters.

We warmly invite you to contribute to our community budget on a regular basis. Our monthly expenditures amount to approximately €100,000, distributed as follows: €47,000 for operating costs, €19,000 for food, €17,000 for infrastructure and utilities, and €17,000 for special circumstances including births, deaths, healing processes and other needs.

By joining our support circle at www.tamera.org/support-circle, you'll receive:

- ✓ Bi-monthly video calls (in German and English) with Barbara Kovats and other core members, discussing current community developments
- ✓ Exclusive participation in Sabine Lichtenfels' monthly Ring of Power webinar
- ✓ Recordings of select community gatherings
- ✓ A tree planted in your honor at Tamera
- ✓ For supporters contributing €100+ monthly: Access to an online course
- ✓ For those giving €500+ monthly: An invitation to an on-site course

Help spread this invitation! Share it with friends and throughout your circles to amplify its reach. For any questions we're always happy to hear from you at: supportcircle@tamera.org.

From the bottom of our hearts, thank you for every share, every gift and every act of solidarity.
